Investment Real Estate Construction, LLC completes expansion at Moove In Self Storage on Route 741 in Lancaster, PA

York, PA - May 14, 2015 Investment Real Estate Construction, LLC (IREC) recently completed an expansion project at Moove In Self Storage located on Route 741 in Manheim Township, Lancaster County, PA. The project, known as Phase 2, started in July of 2014 and was completed in November of the same year.

IREC was responsible for obtaining all land development plans and permits in addition to designing and building the two new single story buildings. Adding 12,000 square feet, the single story storage units provide exterior access in order to meet the increased customer demand for drive up storage units. Moove In Self Storage on Route 741 now has 60 additional units that include sizes from 10x10 through 10x35. Select units have a heightened door to meet industrial storage needs. The completion of the construction marks the final addition to the facility.

John Gilliland, President and CEO at IREC, commented on the final addition, "It was clean, simple and completed without incident due to the hard work put in on Phase 1 of this project."

The location at Shreiner Station Road (Route 741) will receive new signage in the next month to add the final touch to the Phase 2 expansion project.

IREC's schedule is rapidly filling up for 2015. Demand for building of storage construction, renovation and expansion remains strong.
