Investment Real Estate, LLC Hires Isaac Rothermel as Brokerage Assistant

York, PA – March 24, 2016 Locally owned and operated Investment Real Estate, LLC (IRE) has hired Isaac Rothermel as Brokerage Assistant. Isaac joined the company in March 2016 and works closely with the brokerage division and directly assists the company's client base.

Isaac is responsible for assisting with the preparation of feasibility studies, market studies, listing proposals, offering memorandums and due diligence documents. Along with transactions, he also manages the brokerage database; tracking properties, comparable sales, owners of properties and new construction of self storage. In addition, Isaac has earned his real estate salesperson's license in Pennsylvania in order to further assist clients.

Kevin Bledsoe, Brokerage Advisor for Investment Real Estate, says, "We feel very fortunate and excited that Isaac joined the Investment Real Estate team. He came to us with a true zest for the commercial real estate industry and he's been able to hit the ground running in relatively short order. Isaac is going to be a great asset to our organization and he will bring a fresh new perspective to the self storage industry."

ABOUT ISAAC ROTHERMEL

Isaac earned his Bachelor of Science Degree in Humanities from Thomas Edison State University and is currently studying to earn the CCIM (Certified Commercial Investment Member) designation. Previously he's worked as a property manager for a mixed-use developer with a portfolio of more than 200 residential units, as well as a sub-contractor for a boutique apartment building developer, both in York, Pennsylvania.

When asked about his new position, Isaac says, "I'm excited to work for such a focused and established real estate company, with individuals who are some of the best in the industry. The process of delving through data to inform decisions is one that I really enjoy, so this is a perfect opportunity to grow in those skills. I'm also looking forward to developing skills related to the sale of properties."
